REPORT OF BRADFORD FIRE DEPARTMENT

H. J. Bradbury ..... Chief
P. G. Wells ..... Asst. Chief
P. W. Danforth ..... Clerk
L. F. Hall ..... Treasurer

The town of Bradford should be pleased to learn that in 1931, the company received only seven calls as against seventeen in 1930. Five of the seven calls were for chimney fires; the other two being bad fires at Hadley's and Rollins'. Nine new members were also admitted into the company this year. The department wishes to thank the towns people for their interest and cooperation in 1931.

Respectfully submitted,

39 school days.

Vacation 9 days

Fifth period opens Monday, April 25, 1932; closes Tuesday, June 14, 1932.

35 school days. Teachers' Institute, Memorial Day.

If any school is in session on any of the days out, it may close that number of days earlier than scheduled. The number of school days for the year must be 360 actual half-day sessions. The day for Hopkinton Fair is allowed on condition that at least 50% of the pupils of a school attend on that day.

The regular hours of school are 8:45—12:00 a. m. and 1:00—3:45 p. m.

In all schools the teacher is to remain at the school during the noon intermission. Organized play and games for the pupils are essential. Pupils may plan these with the aid of the teacher.

Teachers are to be in their respective rooms, or on the playground to look after their pupils not less than 20 minutes before school opens. Much trouble will thus be avoided.

Pupils in grades I and II may be dismissed 30 minutes earlier than the pupils of the higher grades in the forenoon and in the afternoon. Care should be taken to see that they do not get into mischief during this time.

From the above it may be noted:

1. That not a single session was lost during the year.
2. The per cent of attendance is very good, although not quite as high as the year before.
3. The number of tardinesses has slightly decreased. The small number at the Center is especially pleasing.
4. The number of pupils enrolled in the district remains practically the same.

The number of pupils residing in the district and attending public schools was 100, distributed as follows:

In the local elementary schools	82
In Concord High school	3
In Warner High school	15

Roll of Perfect Attendance

For One Year—Helen Stevens, Kenneth Douglass, Leita Shove, Pauline Gage, Fannie Hall, Wilfred Seavey, Lena Gaudreau, Clara Haselton, Wesley Wells, Lloyd Nolan, Amos Shattuck, Kenneth Kimball, Richard Kimball, Beatrice Dalphond, Perley Nutter, Louise Watkins.

For Three 9-Week Periods—Forrest Dwinnells, Florence Rondeau, Emeline Seavey, Harry Long, Eleanor Dodge, George Dodge, Jr., Donald Douglass, Pauline Douglass, Robert George, Edgar LaDuke.

For Two 9-Week Periods—Elwin Bagley, Howard Bagley, Lois Ayer, Arlene Cragie, Frances Barstow, Emile Rondeau, Graydon Barstow, Richard Tewksbury, Earl LaDuke, Kenneth Brown, Edward Shattuck, Virginia Clement, Richard Wright, Walter Stevens, Valia Gaudreau

For One 9-Week Period—Stanley Heath, George Ingalls, George Shattuck, Jr., James Schoch, Barbara Clement, Carl Tewksbury, Priscilla Tewksbury, Margaret Colby, Calvin Rowe, Helen Stoddart, Lorenzo Heath, Frances Woodward, Barbara Schoch, Kathleen Schoch, Myrtie Woodward, Mary Peaslee, Roscoe Dwinnells, John Schoch, Betty Hall.

The sixteen pupils who attended school for the entire year without missing a single half-session or being tardy, and also their parents, deserve much credit. It indicates the formation of habits of punctuality and responsibility on the part of the pupils, also good health. These are much more important than some things learned from books. On the part of the parents it shows interest, loyal cooperation, and various sacrifices. We wish to thank especially all the parents and pupils who have a part in making the above very creditable record.

The annual medical inspection made by Dr. R. F. Oliver was reported as follows:

Number of pupils examined, 72; number teachers, 3; number 10% or more underweight, 12; defective vision, 3; defective hearing, 2; cardiac disease, 1; defective teeth, 28; diseased tonsils, 13; enlarged glands, 1; chicken pox, 2; total vaccinated, 72.

We believe that a dental clinic for the pupils of the district would be found very beneficial. Such clinics have been held in three of the towns of the supervisory union during the past year with much satisfaction to both parents and pupils. Only experienced and well recommended dentists are employed. The rates charged are about half the usual rates at a dentist's office. For the benefit of those who are unable to pay for this work funds are usually provided by some local organization such as the Red Cross.

A class of eight pupils was graduated from the eighth grade at the close of school in June. Nearly all these graduates have continued their school work in high school.

We continue our recommendations for the improvement of the schoolrooms of the district as outlined in our report for last year. This could be done with comparatively small outlay. What is really needed for the village schools is a new building in which there might be adequate lighting and ventilation, and where there might be a larger playground off the main highway.

The work of the year has been successful, and we thank the board for their support and cooperation.

Respectfully submitted,

JOHN A. SINCLAIR,

Supt. of Schools.
